### DESCRIPTION

This sophisticated bookcase, designed by Studio 63 for Marioni, will elevate the decor of any room in the home particularly a study or living room. The rectangular base and shelves of this grand piece are in wood with a briar finish and they can have a lacquered finish. The metal supporting structure of the piece, forming a diamond pattern, had connecting elements in marble. This bookcase is a work of expert craftsmanship and its high quality materials can be customized in other combinations of metals and woods.
