**SMALL TABARRO - SAVOY BLUE AND OPAL WHITE**

\$940

## DESCRIPTION

The "Tabarro" collection draws its inspiration from the typical turned collar cape of the Venetian tradition. A tailor-made cut that translates into a series of four artistic accessories that assolve a dual function depending on their orientation: vase, cake stand or centerpiece according to the inspiration. The combination of different colors sublimates the intricacies of transparencies and reflections typical of the Murano glass art.
