SMOKY AND GOLDEN BOTTLE

\$2,110

DESCRIPTION

A sublime objet d'art brimming with classic opulence, this bottle was meticulously handcrafted by master glassmakers in Murano following ancient techniques. The milky glass flaunts a delicate, smoky finish and "balloton" texture, combined with fancy decorative accents coated in 24K gold leaf. The lid adds a dash of romanticism to the whole with its design of two shimmering, softly curled flower buds.
