SOFIA COFFEE TABLE IN METAL

\$4,690

DESCRIPTION

Made by master carpenters using artisanal techniques, each coffee table of this series is a one-of-a-kind piece that is numbered and signed. Its simple frame is highlighted on the surface by wood cylinders that animate its texture, bringing it to life. It is available entirely in wood, or with its legs in polished steel or bronzed steel. Part of the Sofia collection, this design can become a dining table, a bench, a nightstand, or a stool.
