FURNITURE : SEATING : STOOLS

*Mg12 by Monica Geronimi*

**SOFIA WOOD STOOL**

\$1,590

## DESCRIPTION

Made entirely in solid wood by expert carpenters, each of the stools of the Sofia collection is a unique item that can vary from the others due to the artisanal methods used to craft it. Its simple structure supports a top featuring a dynamic texture thanks to the wood cylinders that comprise its surface that create striking patterns of light and shadow. This piece is also available with legs in steel (either polished or bronzed).
