SOHO DINING CHAIR

\$910

DESCRIPTION

The Soho chair symbolically represents all the values of the Elli brand. Clean lines, aesthetic references to the historicity of Italian design but with an innovative vocation expressed by the material language and the production process chosen. The seat is made of polypropylene with additive with glass microfibers, a resistant and durable material but at the same time with a soft and velvety perception, 100% coming from recycled sources. The product is made using 3D printing technology.
