SOHO ORING L 4-LIGHT FLOOR LAMP BY LEO ALVAREZ

\$5,235

DESCRIPTION

A silhouette that is as bold as it is glamorous defines the superb character of this brass floor lamp, borrowing neat geometric volumes and reinterpreting them in a captivating, luxe key. Two cylindrical diffusers in prized black silk envelop each a pair of E14 bulbs (60W) and appear as seemingly floating while an array of tubular stems passes through them. A smaller version and a table variant are also available options, please consult the Artemest catalog for details.
