Diego Poloniato

SOLDIERS CAROUSEL SCULPTURE

\$1,760

DESCRIPTION

The playful charm of this ceramic sculpture is the result of the meticulous crafting process and inspiration of master ceramist Diego Poloniato. Pure oxides give vibrancy to the fully-detailed carousel and soldier figurines, obtained by blending semi-refractory clays before being painstakingly hand-carved. Fired at high temperatures and vitrified to seal the raw texture. This one-off sculpture will accent any surface with its childlike flair.
