SOLO SINGLE BOOKCASE

\$2,285

DESCRIPTION

As suggested by its name (Italian for "alone"), this single piece is inspired by the modular furniture of the Orchestra, Quarter, and Twist collections and can be combined with any of their items. Its linear silhouette is supported by brass feet that lift it slightly above ground. Made of solid Canaletto walnut, its edges are highlighted by leather to create a striking contrast. The lack of back cover allows a versatile use of this bookcase, whose content can be accessed from two sides.
