Chiara Castelli

SORBUS TABLE

\$4,200

DESCRIPTION

Inspired by the luscious style of Art Deco furniture, this magnificent table is an exercise in minimalism and sophistication. Its central leg is made of oxidized iron 2.8 cm deep and rests on a base that draws a circle on the floor, mirroring the round top, which is made of wood and elegantly covered with a brass sheet 2.8 cm deep that was given an acid-based treatment. The effect is timeless and unique and makes this piece a precious addition to a small dining room, a living room, or an entryway.
