De Vecchi Milano 1935

SOUND PITCHER

\$4,260

DESCRIPTION

This elegant pitcher has a unique component of small spheres inside its handle which flow guided by the pouring of the water, adding an element of sound to the gesture of the pour and emphasizing the flow of liquid. This piece is made entirely in 925 silver and was designed in 2001 and released in a limited number of 99 copies per year. \n
