### SPAGHETTI ROUND VASE

\$130

#### DESCRIPTION

The stunning turquoise color that graces the spherical silhouette of this handmade vase makes this piece a superb addition to a modern home. The smooth surface of the ceramic is adorned with a striking pattern made up of several bas-relief curls and sinuous elements that evoke the shapes of noodles. Dynamic and refined, this texture is a unique decorative accent and will be striking if the piece is combined with others in the same Spaghetti series.
