## SPAGHETTI UMBRELLA HOLDER

\$240

### DESCRIPTION

This elegant umbrella holder was crafted by hand of ceramic and shaped as a linear tapering cylinder. The turquoise color that graces its silhouette is adorned with a series of spaghetti-like bas-relief elements that were made using the "sac a pochette" collection. The result is dynamic and elegant and will enliven a modern home, either if used alone as pop of delicate color, or with other items in the Spaghetti collection for a cohesive look.
