SPAGHETTI WHITE TABLE LAMP

\$120

DESCRIPTION

Combining traditional craftsmanship and a modern aesthetic, this table lamp is a striking piece of functional decor, conceived for the contemporary home. Its body was handmade of ceramic with a semi-opaque finish and boasts a series of bas-relief decorations that stylistically evoke the loose presence of spaghetti on the smooth surface - hence the name of the collection. The lighting system is 220 V. The shade is not included.
