## SPECCHIO BAR CABINET

\$11,745

### DESCRIPTION

Inlays from five different woods define the door of this bar cabinet, freely mixed together in an abstract design of great visual effect. Entirely handcrafted, the rosewood frame is supported by tall, slender legs accented with polished steel ferrules. The maple, oak, mahogany, walnut and wenge inlays create a three-dimensional abstract flux of shapes evoking the reflections of fragments of a broken mirror. Standing out in a modern living or dining room, this superb cabinet features an internal space with mirrors, sensor lights, and a push-pull shelf and drawer.
