SPICCHI DI LUCE CANDLE

\$340

DESCRIPTION

This striking candle is an elegant pop of color for both a classic and a contemporary decor, where it will enliven an entryway, living room, or bedroom with its vivid green hue, while providing an exquisite scent that can be enjoyed even when non lit. Its convex bowl shape is crafted entirely by hand using refined paraffin wax and natural essential oils. The distinctive texture, creating a carousel of wedges, was obtained entirely by hand with the cold-inlay technique and creates a series of streaks of light ("spicchi di luce" in Italian) when the candle is lit.
