SPINAE EARRINGS

\$6,990

DESCRIPTION

This pair of entirely hand-made earrings is part of the limited series "Spinae". This light conic design is fully tridimensional and inspired by the spinal column of fish and other marine creatures. It is almost an architectural structure with a diamond on each intersection, for a total of .9ct. Thanks to a joint between the two cones, the bottom can be removed for a more casual, everyday look.

DETAILS & DIMENSIONS

- Material: Diamonds, Gold
- Dimensions (in): 0.39 x 0.39 x 3.15
- Dimensions (cm): 1 x 1 x 8
- Handmade In Italy
