Serena Luxury Mosaic

SPIRA GOLD VASE

\$4,490

DESCRIPTION

An extraordinary vase of great visual impact and a true one-of-a-kind piece. Part of the Art Collection, it is handcrafted in Murano where master glassblowers, following ancient techniques, have applied by hand the two gold and crystal threads on the scorching hourglass. The sinuous profile is masterfully filled with a 24 kt yellow gold mosaic with aquamarine details. The contemporary interpretation of ancient techniques, the use of color, the sinuous design, and the precious materials, create an object of art of rare beauty that will make a simple yet stunning statement.
