### SQUARE POUF

\$4,890

---

#### DESCRIPTION

This stunning pouf will make a statement in a contemporary or modern decor, thanks to its elegant color combination, its contrasting textures, and the geometric structure of its silhouette. Crafted of metal with a polished brass finish visible in the square plinth base, this piece is covered with a white eco-leather upholstery with contrasting yellow stitching at the top to complement the warm hue of the metal, which occurs again on one of the sides of the square in the unique detail of a chain. This elegant piece can be combined with the other two poufs for a bold and dynamic look.
