SQUARED LEATHER ARMCHAIR

\$5,700

---

## DESCRIPTION

Rationalist charm meets utmost comfort in this fine armchair, designed by MRZ Architetti, whose streamlined metal frame consists of square-cut elements (25mm thick) powder-coated in embossed black and enlivened by brass tips. Spindle-like armrests in stained, solid walnut flank the plush seat, comprised of a sculpted back and seat cushion generously-filled with high-density polyurethane foam and upholstered in fragrant brown leather with tone-on-tone stitchings. Please ask the Concierge for other available upholsteries.
