### SQUARES WITHIN SQUARE WALL LAMP

\$1,320

#### DESCRIPTION

A unique addition to a contemporary interior, this wall lamp is a stunning object of functional decor that will add a striking geometric decoration to any wall in the house, while also providing it with a lighting source. The glass boasts a rectangular profile decorated with five square patterns in which the splendor of pure gold leaf alternates with crimson red and white for a superb color combination. Particularly striking when hung over a minimalist bed frame, this will be an eye-catching object either with the LED light on or off.
