STABLE TRAVERTINE COFFEE TABLE

\$1,950

DESCRIPTION

"sTABLE" is a coffee table that was designed with the idea of giving a function to a sculptural piece of art. The iron legs, that kind of resemble a geometric spider, are an oxymoron to its function of stability and balance. This playful piece of furniture visually challenges the rules of physics and, thanks to its asymmetric shape, changes form based on the viewer's perspective.

DETAILS & DIMENSIONS

- Material: Marble
- Dimensions (in): W 20.47 x D 29.13 x H 16.54
- Dimensions (cm): W 52 x D 74 x H 42
- Handmade In Italy
