## STILT LARGE COFFEE TABLE

\$3,660

### DESCRIPTION

Inspired by the structural posts supporting a building above the ground, this coffee table is composed of individual sections of cement-covered wood set together in a scattered arrangement. The brushed light gray color and polished finish enhance this strong architectural and sculptural design that makes a perfect choice for any modern living room interior design. Please contact the Concierge for other available colors as well as details and pricing on the packaging case.
