STR04 TABLE LAMP

\$860

DESCRIPTION

An elegant balance of solids and voids in a perfectly rectangular shape lends this table lamp in satin-finished brass (also embossed black on request) its peculiar sculptural flair. The prized base in black marble is romantically lit by the linear LED light placed above (temp. 2700K 24V 8W 1600 lm) that radiates through the acrylic diffuser. The touch-dimmer adds another sophisticated touch to the piece.
