STRIPE DARK CUPBOARD BY PIERANGELO SCIUTO

\$10,565

DESCRIPTION

Part of the Stripe collection, distinctive for a series of hand-applied wood elements that enliven the front and sides of the piece with an eucalyptus veneer, adding a three-dimensional effect to it, this cupboard rests on a metal base and features three doors and a two-part open compartment with a matte linen finish. The doors have a 110 degree opening and shock absorbers. Inside, three transparent tempered crystal shelves (8 mm thick) separate the space for versatile storage solutions. Other finishes are available in matte lacquer in 28 different colors - please ask the Concierge.
