STRIPED SHAVING BRUSH IN EBONY, PADAUK AND MAPLE WOOD

\$210

DESCRIPTION

This exquisite shaving brush features a handle made by assembling pieces of padauk, maple and ebony wood. This piece is entirely handmade and unique and, because of that, dimensions can slightly change. The bristles are in silvertip badger fur of the highest quality with a base of 22 mm (other measurements available are 18 mm, 24 mm, and 26 mm). A neodymium magnet positioned inside the handle allows it to be hanged.
