Sebastiano Bottos

STRIPED SIDEBOARD

\$6,960

DESCRIPTION

Part of the Striped Collection, this sideboard is an elegant choice for a minimalist, modern interior. The standout element of this series is the layered wood that creates an intriguing geometric pattern combining the sophistication of accurate craftsmanship with the natural warmth of the material. The 45-degree joints are intended to keep a continuous surface with no interruptions. With "less is more" in mind, Sebastiano Sottos created a versatile piece for an entryway, living or dining room.
