Espidesign by Paola Speranza

SUCCULENTA MULTI-MOUTH VASE BY MARCO FONTANA

\$1,675

DESCRIPTION

Inspired by the volumetric perfection of succulents, designer Marco Fontana conceived this stunning vase, coupling a shaped walnut base with a matching-shaped volume in Verde Prali marble extracted from Piedmontese quarries. Multiple bundles of flowers can be organized separately in the distinct recipients from the single marble block, distinguished by a sinuous uppercut of extraordinary sculptural allure.
