Il Paralume Marina

SWAROVSKI RECTANGULAR CHANDELIER

\$7,390

DESCRIPTION

This exquisite chandelier is inspired by the bold sophistication of the art deco style. The supporting structure is made entirely of metal with a gold finish. The inner part consists of two round bases, each of which supports a vertical element with a total of six E14 x 5W LED bulbs. The decoration consists of two rectangles in the same metal that hold a cascade of small Swarovski Elements crystals that diffuse the light, creating a unique effect.
