### TAI TEA POT

\$480

---

#### DESCRIPTION

Ethereal and playful, this tea pot is entirely handcrafted of transparent mouth-blown glass in a curvaceous silhouette that is elegant and timeless. The piece comprises the main bowl (with spout and handle), the filter (that rests inside the mouth of the pot and features handmade holes at the bottom), and the charming dome-shaped lid (that features a colorful handle in the shape of a green sprout with two dark berry-shaped fruit hanging from it). This exquisite pot will be an eye-catching addition to any occasion. It will make about six to eight cups of tea.
