TAILOR SPIGATO SILVER BOWL

\$150

DESCRIPTION

An ideal complement to the Tailor Spigato Silver Vase, this bowl is a versatile and elegant addition to a modern interior, either as a serving vessel, a centerpiece or as short vase. Its linear silhouette is crafted by hand of mouth-blown glass that is adorned all around its perimeter with a hand-applied silk-screen decoration in sterling silver. The herringbone pattern adds a timeless flair to this piece, which was fired twice at 560 degrees to fix the metal to the glass surface.
