TAMBURO MEDIUM ROUND BLUE COFFEE TABLE BY ANTONIO DE MARCO

\$1,155

DESCRIPTION

A clever solution to complement a sophisticated patio, this coffee table allows to gather glasses and serve canapés with an artful surface as the backdrop. The diamond pattern of interlacing marine ropes is deftly executed by hand, tying them to the edges of the drum-like volume characterizing the piece. All elements are interconnected by the general steel structure powder-coated in anthracite gray. Other colors and sizes are available in the Artemest catalog.
