## TANGO COFFEE TABLE BY NANNETTI

\$4,240

### DESCRIPTION

This striking coffee table is a tribute to the noble material of which is made: marble. Designed for UpGroup by Nannetti in 1997, it is a modern and bold table, characterized by merging styles and geometric shapes to create an alluring aesthetic balance and original appeal. Made entirely of white Carrara marble, the three legs follow a unique tapered silhouette consisting of a round sphere surmounted by an inverted conical shape. The top is a massive oval, with dainty hand-carved linear detailing around the apron. Available also in black Marquinia marble, please ask the concierge for pricing in this option.
