TAPPARELLE M CABINET

\$3,515

DESCRIPTION

Part of the Taparelle series that uses the vintage roller shutter elements found in office furniture of the past century, this long cabinet is made in durmast oak wood and rests on a simple short base of solid durmast in the same finish as the shutters and the shelves found inside. The back is equipped with a double layer to hide the shutters (which are mounted on canvas) when pulled up. The rest of the structure has a matte finish that can be in white, pale blue, or a combination of blue and grey.
