TAROT CARD THE QUEEN OF CUPS SET OF 2

\$140

## DESCRIPTION

Stunning in its simplicity, this Murano glass replica of the medieval tarot card by the Visconti di Modrone will transform any decor with its antique allure. The Queen of Cups, a poetic indicator of a loving master, is represented as an omniscient woman, depicted walking in a verdant landscape wearing lavish red dress with turquoise and gold accents and her curly blonde hair gathered in a red headscarf. Her light skin shines against the gold background. A call to empathy and love, this card is a powerful reminder to love oneself and others in equal measure and will make an excellent gift.
