TARSIA BLACK AND GOLD TABLE LAMP

\$1,440

DESCRIPTION

This exquisite porcelain table lamp is imbued with a lavish, sculptural allure made obvious by the precious 24k gold inserts composing the geometric pattern that adorns its black silhouette. The slender porcelain body features sides that slightly curve outwards, the seductive lines are counterbalanced by the rigorous shape of the fabric lampshade housing a single E27 max 100W bulb. A transparent, footed base completes this exclusive piece.
