## ZODIACO TAURUS DINNER PLATE

\$85

### DESCRIPTION

A superbly rendered bull depicted in a charging motion occupies the central area of this exquisite plate that is part of the Zodiaco collection. The bull is the symbol of the astrological sign of the Taurus, whose Latin name and months of the year appear above and below it. Part of a larger map of the sky, these drawings are crossed by black and gold lines that create a striking net and a complex decoration that will make a statement on any table. This piece can be paired with others from the same series.
