TAVOLOTTO SIDE TABLE

\$4,750

DESCRIPTION

This elegant side table is part of a three-piece series in the Tavolotto Collection, comprising a round coffee table and a tall side table. Designed by Maddalena Casadei, it is crafted entirely of steel with a painted black-matte finish that makes it elegant and contemporary, complementing the rigorous geometry of its volumes with its round edges. The striking, hidden joints create the illusion that this piece was carved out of a single block.
