TEMPIETTO DECORATIVE BOX N.5

\$840

DESCRIPTION

The unique silhouette and surface of this stunning box make it a stunning sculpture to display in a study, bedroom, or living room. Both decorative and functional, this container is part of the Scatole e Templi Collection (Boxes and Temples), based on the concept that this everyday life piece can be considered an awe-inspiring treasure chest. The rare and sophisticated allure of this box combines curved and straight lines, both structural and decorative, made by hand using a series of different-wood slats, predominantly walnut and cherry. The surface is finished with straw-colored oil.
