TERRA BLACK ROCKING CHAIR

\$1,120

DESCRIPTION

A study of form and function, this rocking chair from the Terra Collection will offer an industrial, contemporary touch in any interior. The creased, black metal sheets and squared iron base evoke a rigid aesthetic, yet the unique and embracing form with a low profile and laid-back shape has a cocoon-like effect that is comfortable and chic. The powder coating provides a smooth, durable finish that is resistant to weathering, allowing for timeless use both indoors and outdoors.
