### TESTA DI MORO GOLD VASE

\$710

#### DESCRIPTION

This elegant vase is a timeless piece that will bring a one-of-a-kind accent to any decor, adding a striking visual impact on a console, mantelpiece or side table. This stunning work of art combines the contemporary touch of monochromatic gold finish with the tradition of Caltagirone ceramic artifacts, creating an eclectic piece that was entirely made by hand. Shaped on a lathe, the vase is dried at room temperature and fired once, then coated in enamel and fired again to obtain the vivid coloration of its surface.
