TESTA DI MORO/MALANDRINA SET OF 2 TRUCCO VASES

\$250

DESCRIPTION

These two stunning sculptural vases are modern objets d'art that will add a refined, contemporary accent to any decor, while also evoking the century-old tradition of Sicilian pottery. Entirely made by hand of ceramic, this duo depicts in vivid details the head of a man and a woman with their elegant head coverings. The white enamel that adorns their features is decorated with a simple accent: red lips for the Malandrina and pale-blue mustache for the Moro. Timeless and sophisticated, this set can be displayed with or without flowers in an entryway, living room, or study.
