## THE BABY POGGIBONSI TABLE LAMP

\$2,590

### DESCRIPTION

This unique table lamp draws inspiration from 1930s Italian design. Its brass-plated frame features a footed base with a topping cubic element from which stems the slender support for the lampshade. The diffuser in faux brown vellum recalls an old-fashioned sugar bowl enlivened by a spherical finial and vertical details of brass-plated steel. Other shades for the vellum and a nickel-plated version of the frame are also available, please ask the Concierge for details.
