Giovanni Motta

THE DEEP SENSE OF FULFILLMENT SCULPTURE

\$2,590

DESCRIPTION

Poetic and evocative, this sculpture is a work of contemporary art inspired by pop references. It is made of resin and features a body painted by hand in bone white. The striking red of the heart is hand-painted as well, while the gray color of the gloves is obtained with industrial varnish with a glossy finish. This piece is part of a limited edition of five, all numbered and signed. Each sculpture is packaged in an original bag with literature about the artist and stickers.
