THE EYE SIDE TABLE IN BLACK MARBLE

\$3,540

DESCRIPTION

Merging industrial-deco style elements with classical references, this stunning table conveys a strong personality that will infuse a distinctive identity in any interior. Entirely handmade by designer Antonios Skandalakis, this side table has an eye-shaped top in black marble. The base is also round and is made of high-density wood, a sustainable and resistant material with a captivating finish, and supports three cylindrical legs of treated stainless steel where the top rests.
