THE SIMPLE CHAIR WITH ARMRESTS IN ROYAL BLUE

\$2,300

DESCRIPTION

This geometric chair has a bold character and a startlingly simple design that exalts its understated elegance: a stern yet comfortable piece of furniture with an open bodywork in black powder-coated steel, sharp armrests that connect a tall backrest, and a square seat covered in soft royal blue leather. Its industrial-inspired look makes it an ideal choice for a modern home decor. Available in a wide choice of Italian leathers, steel finishes and also without armrests.
