\$27,230

## DESCRIPTION

This eclectic wool rug designed by Formafantasma in 2014 breaks with design canon in rug-making. The egg-shaped profile features an anthropomorphic likeness with two circles for eyes, an oblong oval mouth, triangles along the mouth, a realistic palm tree spanning the length of the nose, and fringe along the top half to mimic hair. Hand-knotted in Nepal, this exclusive rug is part of a 10-piece limited edition and has 150 knots per inch with a variable pile height of 4/6/8/10 mm. Customizable size on request.
