THE VILLAGE - HOUSE OF STONE AVOLA STONE SCULPTURE BY JOHN PAWSON

\$715

DESCRIPTION

A project by renowned minimalist architect John Pawson, this house-shaped sculpture belongs to The Village Collection, conceived to actualize the importance of a place to call home while enhancing the diversity of the existing types of houses and people. It is crafted of Avola stone, starting off a single marble block and deftly polished to faithfully reproduce a project created for the Milan Design Week in 2010.
