THRONE CHAIR

\$3,760

DESCRIPTION

This unique chair in the shape of a superb throne was crafted of old wood used to cover the floor of 16th century-old homes. A mix of larch, pine, fir, and Swiss pine, this chair boasts one-of-a-kind signs of time that add a special texture to the piece. The sturdy base is enriched with a tall backrest, adorned with a central, symmetrical decoration. The whole piece is polished with real beeswax. A special addition to a rustic or modern dining room, this piece can also be used as accent chair in a contemporary living room or entrance and combined with other chairs in the same collection.
