## TIFFANY LIGHTER

\$425

### DESCRIPTION

Brilliant like a diamond sparkling with the light reflected from its surrounding, this crystal lighter is a stunning addition to an elegant home. Both functional and decorative, this piece boasts an Art Deco-inspired silhouette with a multifaceted surface enclosing the metal lighter, while a faceted spheroid hosts the mechanical ignition (rechargeable) of a high precision. A precious addition to a personal collection, this can also be a well-received gift and can be combined with the Tondo Doni ashtrays.
